1. Following are requirements for [REDACTED]

25X1X4

These questions relate to the Odessa Construction Trust of the Chief Directorate of Maritime Construction.

a. Describe all projects as fully as possible giving type, location, size, total cost, dates of start and completion of construction, and priority among the projects of the trust.

b. What changes in the work of the trust took place during the period 1945-56? Estimate the annual volume of construction, in rubles, for each of the years. Was there a noticeable difference in the amount of construction performed in 1945-50 and 1951-55? What were the changes in the type of construction carried out in these periods? Were there radical changes in plans of the trust following Stalin's death, or in any other period? During which periods or years was housing construction emphasized or held down to a minimum? What were the most important projects or types of construction in 1956? Was housing considered a high priority target throughout 1956, or at any time in 1956?

c. What are the major objectives of the trust for the period 1956-60? Compare the plans for this period with the achievements for 1951-55, with respect to volume of construction and the types of construction, particularly housing?

d. Has the trust's plan for 1956-60 been discussed with all the workers and office personnel? Has anyone suggested that the plan might be changed and, if so, in what way? Is the plan considered final, or only tentative?

e. Describe in the fullest possible detail the changes of 1956 in norms and take-home pay for the trust's workers.
